

The University of Bremen is hiring a

Post-doc (wissenschaftliche/r Mitarbeiter/in, full-time, salary scale 13 of the German public sector salary system TV-L, fixed-term for 3 years)

– conditional to the release of budgetary funds –

for the research group "Analysis" of Prof. Dr. Anke Pohl at the Department of Mathematics. The position should preferably be filled by October 1, 2018. An earlier and later start of employment may be made possible.

The employment is fixed-term (for 3 years) and governed by the Act of Academic Fixed-Term Contract, §21 (Wissenschaftszeitvertragsgesetz – WissZeitVG). Therefore, candidates may only be considered for appointment if they still have the respective qualification periods available in accordance with §2(1) WissZeitVG.

The interests of Prof. Pohl's research group include analysis, ergodic theory and dynamical systems, and analytical number theory. Further information can be found under

<http://user.math.uni-bremen.de/apohl/>

Your core tasks:

- Independent research on problems that complement the interests of the research group
- Collaboration on projects of the research group
- Contribution to the mathematical education. The teaching load of the position is 4 lecture-hours per week.

Your profile:

- doctorate in mathematics
- experience in publishing
- experience in teaching
- very good command of english

The position serves the promotion of young scientists.

The University of Bremen is committed to equal opportunities and anti-discrimination and strives to increase the number of women in science. The university has received multiple awards for its gender equality policy and is certified as a family-friendly university. Female candidates are explicitly encouraged to apply. International applications as well as applications from scientists with a migration background are expressly welcomed. Applications from handicapped candidates will be given priority in case of equivalent personal and professional qualification.

Applications (in german or english) should be send quoting the reference number (Kennziffer A167/18), by June 29, 2018 to:
